

1 Read the clues and complete the crossword.

ACROSS

- 1 A small black insect – most people don't like them!
- 4 A night bird with big eyes.
- 5 It has two legs and it's the most dangerous 'animal' of them all!
- 6 A long thin reptile with no legs.
- 8 A very big grey animal with a long nose.

DOWN

- 1 A big bird – it flies in the sky and hunts small animals.
- 2 A very clever reptile – it can change colour.
- 3 A beautiful insect – it flies from flower to flower.
- 6 A large sea fish with very big teeth!
- 7 A big animal with four legs – it's often black or brown. It sometimes catches fish in the river.

2 Complete the puzzle with animal behaviour verbs. What's the mystery animal in grey?

The mystery animal is: _____

3 Which one is different? Why?
